

The Bridle Path Initiative
SUPPORT BEYOND THE GATE

Working in partnership
2026

The Katie Trust
WE LISTEN. WE CARE. WE ACT.

KIRSTY JUDD, THE BRIDLE PATH INITIATIVE · JAMES BRANNIGAN, THE KATIE TRUST

Before serious harm. And after.

The Katie Trust stands with families left with unanswered questions after a death. The Bridle Path Initiative works on what happens before serious harm in rural, farming and equestrian life. Together, the warning signs missed in one case are recognised in the next.

Professional learning

Beyond the Standard Response: police and professional learning on the warning signs that get missed.

A safer escalation map

A clear route for vets, yards, farmers and families to raise a concern and have it heard.

Support after a death

Peer support and a recovery pathway for families bereaved by domestic abuse.

Learning into change

Family voice and case learning taken to the police, the industry and government.

We won't look away again. We will listen. We will stay. We will take the reins of change.
